

Hello everyone,

The practice of releasing wild Atlantic Salmon is increasing throughout the province; however, there are typically a few questions from novice to seasoned anglers alike when it comes to how to properly release a fish after a thrilling battle. To help educate anglers, SAEN has put together an informative presentation on the Do's & Don't related to releasing salmon.

With that in mind, FOSHR, in association with SAEN, will be hosting a Hook & Release presentation at the Clarendville High School on Wednesday, September 30th. The presentation will begin 7:30 pm in room 203 and is free of charge. Everyone is encouraged to attend and to encourage other anglers to attend as well. The presentation will be an excellent opportunity to learn some new techniques or improve on existing ones, not to mention a great chance to talk fishing with other anglers!

Please make an effort to show your support of Hook and Release by attending the presentation.

We hope to see you all there!

Tight Lines!
